Do you remember this apartment that we showed you in stories? Surely yes, because you loved it. And it is no surprise, because it is a marvelous apartment. With three bedrooms, all doubles, a long balcony, with an office space integrated into the living room and super close to Diagonal. A home that only lacks a little life, because it has everything else.

This apartment is a first (second real) of 117m². It has a living-dining room with access to three balconies, an open and equipped kitchen, an office/study space integrated into the living room, three double bedrooms (one with an en-suite bathroom), two full bathrooms and built-in wardrobes. It has central air conditioning, radiator heating, double glazed windows and has high ceilings with original elements. It was renovated in 2024 and the building dates back to 1900 (it has an elevator).
