Each floor, just like each person, has a story. That's why we talk about matches, love at first sight. Because stories are always accompanied by feelings, experiences, emotions that connect with each other, like when a person immediately connects with a nest. That happened to me here with the hydraulic floors, the arches in the ceiling, the light through the large windows... Everything together forming a perfect harmony, like one of those songs that gets inside you and stays stuck in your brain for a long time.
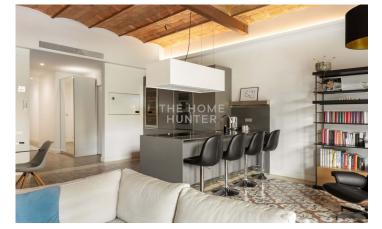

This 155m² apartment is completely renovated in 2022. It has three double bedrooms, three full bathrooms, a large living-dining room and an "Arclinea" kitchen equipped with "Gaggenau" appliances. It also has HD television as well as fiber optic Internet. It has double glazed windows, air conditioning and hot/cold conductor. The property has an elevator.

You will love it!
