Terraces attract a lot of attention to me. In the summer months, having an open space gives a lot of life. As in this case, in addition to being a flat with a lot of space, it has a small terrace with enough space for a table as well as a chill out area. Perfect for dreaming about the summer months to come.

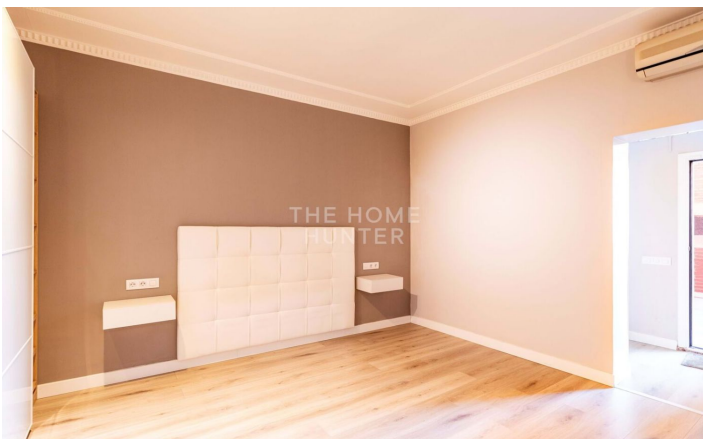

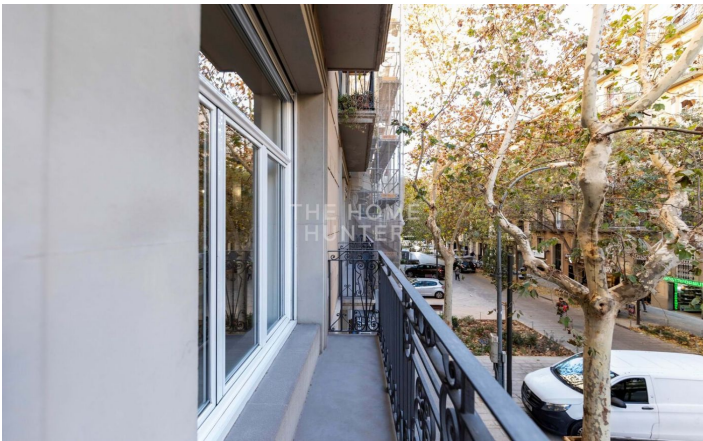

This apartment is a 96m² main apartment located in the middle of a pedestrian street and has three double bedrooms, a full bathroom, a toilet, a large living room, an American kitchen, a balcony, a 16m² private terrace and a storage room included. It has built-in wardrobes, as well as double glazed windows, air conditioning and gas heating by radiators. The property has an elevator.

You will love it!
