I love it when we get two apartments that are the same, and even more so if they are as beautiful as these. Because it's a double chance for two of you to have a wonderful new home. In this case, a duplex that leaves no one indifferent and the best part, a 40m² private terrace. You can not ask for more. In this new construction property from 2018 there are two units available on the third floor.

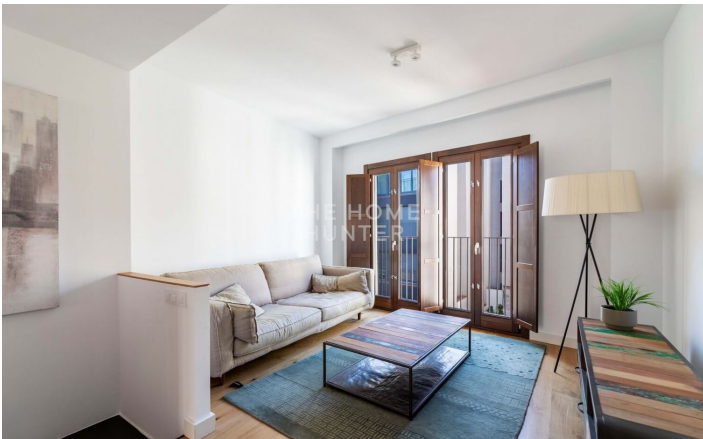

This specifically is a duplex (third and fourth floor plus terrace) of 98m². On the first floor, of 35m², there are two double bedrooms and two full bathrooms. On the second floor, measuring 39m², we find the open and equipped kitchen, the living room with two balconies and the dining area. The third floor is the private terrace of 40m². The apartment has central heating and air conditioning, an elevator with direct access to the house, double glazed windows and built-in wardrobes.

You will love it!
