Wooooooow! I couldn't think of anything else to say when I saw the photos. The views are so beautiful, with the cliffs and the sea in the background. Waking up here in the middle of summer and having coffee on the terrace would be the best moment of every day. In this house you can breathe that "Mediterranean" atmosphere, it is like the entire essence of the Costa Brava concentrated between those walls. I already want summer to come...

This wonderful house on the Costa Brava is new construction and has 447m² and a garage with capacity for two cars and a 54m² electric charger. The ground floor, of 109.40m², has three en-suite bedrooms. On the first floor, also measuring 109.40m², there is a living-dining room, an open and equipped kitchen, the master suite with access to a 5.70m² balcony, a toilet and the terrace. There is also a part of the covered floor/solarium with a small 9.50m² pool. The surrounding land with garden is 700m². The house has an elevator from the parking lot, as well as air conditioning, aérothermal heating and underfloor heating.

You will love it!
