Far d'Empordà, El

€280,000

How I love all these green! Having a house in such a beautiful and calming place is a privilege. And this house particularly, which needs a remodelling, seems like the perfect option to be your most creative self.

This house has 130m² of built-up area and is situated on a 2,395m² plot. The house needs renovation and has two floors. On the ground floor, there are four bedrooms (three of which are doubles, and the single one is an office-type room), built-in wardrobes, three full bathrooms (one en-suite), a living-dining room with a fireplace and access to the garden, and an independent office-style kitchen. On the first floor, there is a master suite with a walk-in closet and bathroom, as well as a versatile room. The house features wooden windows, oil-fired radiator heating, a laundry room, and a closed garage for two cars and several motorcycles. The house was built in 1974.

You'll love it!
