Madrid / Madrid Ciudad

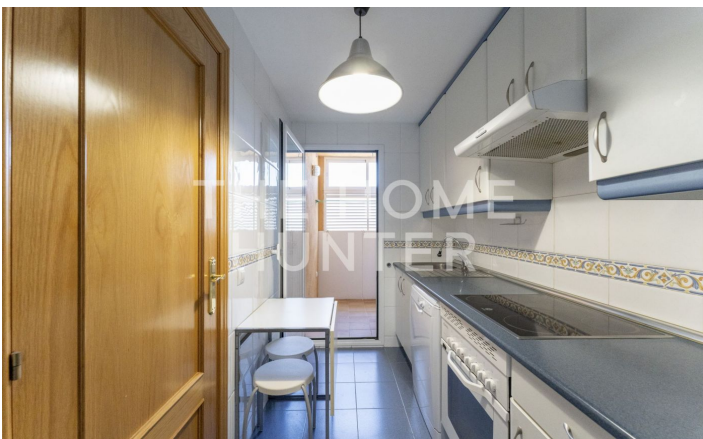

€193,000

With how pretty Madrid is, I love when we get new apartments. And even more when the properties are as interesting as this one. Here we have an apartment that with a little bit of warm, it will become a perfect place to enjoy it every day of the year. Like the January afternoons seeing how the sun goes down, as well as the summer Sundays spent at the pool. There's many things and for everyone.

This 50m² built apartment is a fifth exterior floor in a gated community. It is in good condition and has a double bedroom, a built-in wardrobe, a full bathroom, living room, separated kitchen and laundry room. In addition, it also has air conditioning and heating by electric radiators. The building dates back to 2006 and has a concierge and elevator, as well as a 5m² storage room, a community gym and an ideal community pool.

You'll love it!
