

Cabestreros II / Embajadores

Embajadores / Madrid

€500,000

Having several apartments in the same building is a real luxury, especially when they're new, furnished, and (almost) ready. There's still a little work left before they can be viewed, but we promise it will be worth it. These are spaces designed to feel like home—comfortable, beautiful, functional, and full of warmth.

The photos are not of the apartment as it is still under construction. This 62m² first-floor exterior apartment is brand new. It features a living-dining room, an open fully equipped kitchen, one double bedroom, one bathroom, two street-facing balconies, and built-in wardrobes. It comes with hot/cold air conditioning and is southeast-facing. The apartment will be delivered furnished. The building, dating back to 1900, has an elevator.

You'll love it!
